## 2016/2017 Season

Families will register online starting September 2<sup>nd</sup> 2016 (date will be confirmed on the OAK website). Please follow the registration instructions on the OAK website to register and make payment ([www.oakvilleaquatics.ca](http://www.oakvilleaquatics.ca)). Exact dates are posted on OAK website.

Each lesson participant is required to pay for and complete the Swim Canada registration that OAK will initiate for you. The registration fee covers each swimmer from September 1 2016 to August 31 2017 and covers membership with Swim Canada, Swim Ontario and OAK as well as entry into the final meet in June.

Please note that only the lessons in 2016 qualify for the "child fitness tax credit" as the credit is being phased out. You will need to determine precise qualifications at time of filing. Your payment receipt contains all the information required for the "child fitness tax credit". Please print it off for your records.

We regret that we are unable to accommodate "make up" class requests as we strictly adhere to maximum class sizes and age limits.

OAK has recently restructured its entire program to better suit the needs of our athletes. We have new groups and group names to usher in the next Olympic quadrennial. These changes have been made in accordance with long term athlete development principles adopted by Canadian Sport for Life. OAK lessons are now geared for children from 6 to 11.

Our newly designed OAK lessons will include the basic skills lessons previously offered as well as incorporating additional techniques focused towards competitive swimming. Additionally, lessons will include "Fast-Fun" racing and exciting group activities. A competitive racing opportunity will be offered at the end of the season and is tentatively scheduled for Saturday May 27<sup>th</sup>, 2017.

Emphasis will be on the individual learner's needs. To enhance learning, OAK continues to offer our low swimmer to teacher ratio. We now have similar aged children in each hour long session. OAK uses innovative instruction methods to teach children the fundamental skills of swimming and the most valuable swimming components. These skills build the essential platform for competitive swimming and create the opportunity to further develop strength and endurance in the water.

**Note 1:** Swimmers MUST have the posted skill requirements for their age in order to qualify for OAK lesson registration.

**Note 2:** A try-out is not required for OAK lessons. Participants MUST be born in the years 2005 to 2010.

**Note 3:** Please be on deck ready to swim for the beginning of the lesson. It is disruptive to both the swimmers and teachers when swimmers arrive late.

Please respect the privacy of others; children aged seven years and older must use the gender appropriate change rooms. Note: Appleby College does NOT have any family change rooms.

**PLEASE NOTE THE REGISTRATION FEE IS NOT REFUNDABLE  
THE LESSON WITHDRAWAL POLICY HAS CHANGED.**
